FIG. 12

This diagram shows a cross-section of a container assembly. It consists of a main body (1) with a top flange (4) and a bottom flange (15). The main body is divided into several vertical sections. The outermost sections (2) contain a material (17) with a cross-hatched pattern. The inner sections (3) contain a material (18) with a horizontal line pattern. A central section (9) is shown in cross-section, revealing a material (11) with a cross-hatched pattern. The entire assembly is supported by a base (15).
